

# Life Christian Academy

*Developing the Whole Person: Spirit, Mind, and Body*

Dear Prospective Parent,

Thanks so much for your interest in learning more about Life Christian Academy.. The information in this admission's folder is designed to give you a better idea of our school's distinctives.

Life Christian Academy's motto is "developing the whole person: spirit, soul, and body." That mandate compels us to offer a strong academic program, integrating subject matter of compatible disciplines and the truth of scripture in every academic discipline. It also challenges us to provide a strong Fine Arts program, both visual and performing arts, to develop our students aesthetically. It commits us to a strong physical education and athletic program to develop our students physically. It also motivates us to provide opportunities for our students to develop leadership qualities, character strengths, and interpersonal skills within the LCA community and broader community at-large. All of these programs must be under Christ's Lordship with the faculty and staff modeling spiritual integrity and genuine love for students, parents, and each other.

LCA is an interdenominational school; it is a conservative evangelical Christian school accredited by the International Christian Accrediting Association (ICAA). This enables us to offer a rich educational experience recognized by the Oklahoma State Board of Education, colleges, and universities both nationally and globally.

Scripture clearly teaches that parents are responsible for their children's education and discipline. The school is not a substitute for the home, but is an extension of the home. It is one means through which parents fulfill the responsibility the Lord has given them.

I think you will find that the school has a warm and friendly atmosphere. Our faculty and students are committed to developing a supportive community. We are also committed to an environment that promotes and recognizes individual differences and the need of each student to find and develop his or her own gifts and strengths.

Sincerely,

Rodney Burchett,  
Head of School  
Life Christian Academy
