Dress Code and Phone Policy

The intent of our dress code is to promote modesty as well as proper appearance. We ask that all parents help us properly monitor their child's dress. Our goal is that the dress code not become an issue, but that spiritual and academic development be our focus.

Dress code enforcement does not depend on who else is wearing something or how many times someone wore it without getting caught. We ask that parents and students understand our intent and fully comply with these policies.

When a student is found in violation of the appearance code, the parent will be asked to bring the proper clothing to the school. If dress code violations become excessive, the principal will meet with parents to discuss how the parent can help the school enforce the appearance code.
